ABOUT REMC SAVE

As a REMC SAVE Awarded Vendor, Yeo & Yeo Technology (YYTECH) offers numerous ergonomic products - at competitively bid and awarded pricing - including:

- Kore Active Seating, which encourages continuous movement, increasing strength and focus.
- Ergotron LearnFit Sit-Stand Desks, which support flexible classroom configurations to keep students healthy, engaged and safe.
- Ergotron WorkFit Desk Converters, which transform stationary workspaces into sit-stand desks, adding movement to a home or office workspace.

YYTECH began offering Ergotron's ergonomic solutions to clients in 2016 and has been a REMC SAVE-awarded vendor since January 2017. President Jeff McCulloch said offering Ergotron products is a great complement to the services provided by YYTECH.

"We have seen - internally and externally - how Ergotron products help increase productivity and improve the lives of our employees and clients," McCulloch said. "We look forward to continuing our partnership with Ergotron and REMC."

Disclaimer: Kore products are not registered or trademarked Ergotron products.

Kore Active Seating

Kore wobble chairs and stools allow for constant movement, decreasing sedentary time and increasing secondary focus. Wobble chairs and stools encourage active sitting, which increases blood flow, activates core muscles, and improves posture. Kore Design plastic chairs are manufactured with an FDA approved Antimicrobial, which offers broad-spectrum protection and has been successfully tested to reduce up to 99.9% of common bacteria including E. coli, listeria and S. aureus. They also include a patented anti-roll safety ring on the base, which prevents tip-overs and falls. The gentle-rounded base is stable, moves with child, and rests naturally upright.

KORE FLOOR WOBBLER™

Rocking Disc

The unique Kore Floor Wobbler™ allows children to sit comfortably on the floor and remain active in one spot. Ideal for group reading time or flexible seating classrooms.

Material: Durable, recyclable HDPE #2 plastic
Seat Diameter: 19" (48 cm)
Base Diameter: 19" (48 cm)

REMC NUMBER 243030

12" WOBBLER CHAIR
